NOTE FOR: DCI

SUBJECT: Meeting with Amb. Anne Armstrong
25 September 1986

You requested material on public opinion in Mexico for your meeting with Anne Armstrong at 1545 this afternoon.

Enclosed is the first cut of an analysis of a new poll conducted by the DI at the DO's request. The raw data has just come in and has not been analyzed. This paper, prepared by DI/ALA, is their first look at the key factors. You may want to offer to share the full analysis with Ambassador Armstrong when it is complete.

Also enclosed is a cable [redacted] about a poll conducted by the Mexican Institute of Public Opinion on Mexican opinion toward the United States. [redacted] notes that both the methodology and the objectivity of this poll are questionable, but it got considerable press play in Mexico.
